War With Great Britain.

h ngion dispetches advise us that or remment has determined to demand imthe passage of the bill thron, b the mate modular reparation for loss a sustatued by American e title no true the Alabama and other vossyls fitted out in Great Bittam for the rebel service, and it case a speedy and satisfactory response is not forthcoming war is to be declared. If this information is to be relied on, the prospect for the continuance of smically relations between the United States and Great Britain is anything but fistitering. Indeed, under the chreumatances, if it be true that our Government has testived appear and a course as that indicated with; reference toghe Alabama glaims, there is so strong a probability, ally, almost certainty, of hostilities being entered upon between the two nations, that little or no room is lest for doubting that war is the object of the American suborities.

Fiven though the British government were disposed, for the sake of peace, to just the claims ton times over, it is impossible that it can do it upon the imperions demand of the United States without suffering disgrace, in the eyes of the world in this can be more to down the unperions demand of the United States without suffering disgrace.

can do it apon the imperiona demand of the United States without suffering disgrace to the core of the world in this opinion every ter musted mer, no matter what may have been his status during the war, must oo becoming fully cognizant of the history and merite of the case coincide.

An official correspondence was long since opened by Secretary Seward with the British sutherities abon the ambject of the Alsoman claume, and this correspondence has just been brought to a clause without any definite regult. It is scarcely to be wondared at that

this scarcely to be wondered at that the scarcely to be wondered at that our old friend and associate, F. L. Med by John Built did not think himself bound for demages sustained by cluzens of the United States during the late wer from Confederate crulsers, even though it was alleged that these crulsers, even though it was alleged that these before the Confederate crulsers were fitted out in British waiters. He considered that it wo separate nations were at war with each ether, no such claim McChesney is an ab a writer, a wan poswould be legitimate, and reasoned that the same rule ought to apply as between I deeral close, and a Democrat of the most approved and Confederates. In this view of the matter orthodoxy. We wish him abundant au-He took the ground that the Confederate States, so called, were not to be regarded as a belligerest power, but that the Southern control of the States for t He took the ground that the Confederate

TI KING TO COME OF THE PLAN PAI

DAILY COURIER. BY W. N. HALDEMAN.

DEFICE: 100 WEST JEFFERSES ST THURSDAY MORNING - . FIR. 6. 1868.

No Concession of Principle party abould receive as numerous and in nent accessions as possible from the rail government and the salva to of the repub-are dependent upon the triumph of the D morney in the nation, and they are periodi aware that such trimmph cannot be achieved except through the co-operation of great numbers of citizens who for the most part

without power and without organ ratios. In party as the needle to the pole, and from could crase the glost us old are d of J. Her Union were they to the ascenden y, and ed the President as the object of his trans not many of those thus laithful indulge in the hope that the Democracy

would ever again become a powerful politica organization in the land. With unswerving fidelity they clang to the old principles and the people remains to be ocen. the old party, but clung to them despairing! that in any sease of fact between the Radics dead, and with asduese and sorrow they had admitted to themselves that it was re. Such,

Now the position is restly changed. The purity is once more a mighty power and its organization general. On that memorable angust day when Kentucky of cted Dava tical reaction the rapidity and universali our opponents to de parat in. So great h legally conducted election. The Democrate mingled, however, with anxiety became the magnitude of the means involved in the context between parties. Where Democrata were lately few and far between they are to be considered by the context of the context be counted by the thousands.

It is of course manifest that the change on which we have spoken could never have o carred, except for accessions from the ranks rd our opposents. Those who have recently so greatly awelled the hosts of Democracy came out from among the opposents of Democracy when at last they naw that patrio tem dictated that course. For a son-on they were ruled by dymagognes, but when the nists of passion and preladice cleared away. they plainly saw that the Democratic parts was contending for the free constitutional government of the lathers, while the Radical policy tended directly to des-potism and negro equality and they have used to array themselves noter the Democratic banner. It is nearest and proper that the secretary beautiful to a secretary should be could be seen by the Beautiful to do seen of perfect equality. They have come late the Democratic party because they indone tts principles and approve its one ets. The fact of their coming into it it at the lime and under the circumstances they did is conclusive evidence of the unvelfishmest and sin erits of their motives

, and he generally lamore and with the against the intal policy of making conc shops of principle with a rime of indusing further accession. The wish to make the justification and powerful is a loudable one, will it must be not made lead to any strempt to reader easy the change or to use as good lines, books and best, and from one party to the other. Democratic at tion of constitutional government and the preservation of constitutional liberty, has

The tengtaph has already advised us of the preservation of countitational theory, has the Democratic party again has made powerfal; and that won due a most take and disastrous policy which would modify or soften down those doctrines for the parpose of gaining over new converts.

Let no home of any kind be offered to members of other parts it to join us. We want no Democrate who are not Democrate from principle—who do not come over to us from a sense of duty and considerations of pitriothem. And in this came limit is also proper to admonstal our limited against the impropriety and improduce a toward with the according new converts with both sate in the most promittend and respon the positions Let all who come be cordingly welcomed, but as a rule it is not will to post time who comes at the clevents hour to lator in the vinegard as a ruler over the real. Equally with the generality of isborers a surely as much a the new-comer ought to tape 1.
